WALL SYSTEM DAY SYSTEM
DIGITAL CATALOGUE

Wall System è un sistema giorno che rende la libreria il centro estetico e funzionale del living. Un programma d'arredo in continua evoluzione, dall'eccezionale versatilità stilistica. Il sistema si basa sulla libreria a spalla portante, la cui struttura si alleggerisce grazie alle sottili griglie divisorie. Ante – anche scorrevoli o a ribalta – teche in vetro e schienali in finiture preziose si integrano alla classica libreria, per adattarsi a qualsiasi esigenza.

Wall System is a day system that makes the bookcase the aesthetic and functional centre of the living room. A constantly evolving furniture design with exceptional stylistic versatility. The system is based on the load-bearing bookcase, whose structure is lightened by the thin dividing grates. Doors – also sliding or flap – glass cases and back panels in precious finishes integrate with the classic bookcase, to adapt to any need.

WALL SYSTEM
Design R&D Poliform

Sistema componibile a spalle portanti e ripiani disponibile in 8 altezze, 5 larghezze e 3 profondità. Il sistema è caratterizzato dai fianchi e dai ripiani di spessore mm 35, che ne sottolineano la solidità formale e il rigore geometrico, con la possibilità di inserire delle griglie (ripiani e divisori) di spessore mm 14. Si possono creare composizioni con e senza schienale o con schienali inclinati con e senza luce.

Il sistema prevede diverse tipologie di ante in legno o in vetro, con apertura battente, scorrevole o a ribalta e cassetti in legno. Sono disponibili diverse soluzioni per la TV, vani a giorno o portali dedicati e attrezzature come gli inserti attrezzati e la scala.

Il sistema Ego Day prevede fianchi a telaio e in vetro con attrezzature specifiche. Soluzioni speciali, tagli a misura in larghezza, altezza e profondità; fasce di tamponamento; cambi di profondità; soluzioni angolari: possibilità che confermano l'eccezionale flessibilità del sistema Wall System, in grado di adattarsi ad ogni spazio.

Fianchi, basamenti e ripiani in laccato opaco colori, laccato lucido colori e rovere spessart, schienali anche in noce gold, olmo nero e laccato metallico colori. Parti metalliche verniciato ardesia opaco, interno cassetti nobilitato ardesia.

Modular system with bearing side panels and shelves available in 8 heights, 5 widths and 3 depths. The system is distinguished by side panels and shelves thickness 1 1/2", which underline the solidity of shapes and the geometric rigour, with the possibility of inserting grids (shelves and partitions) thickness 1/2". Compositions with and without back panel or with oblique back panels with and without light can be created.

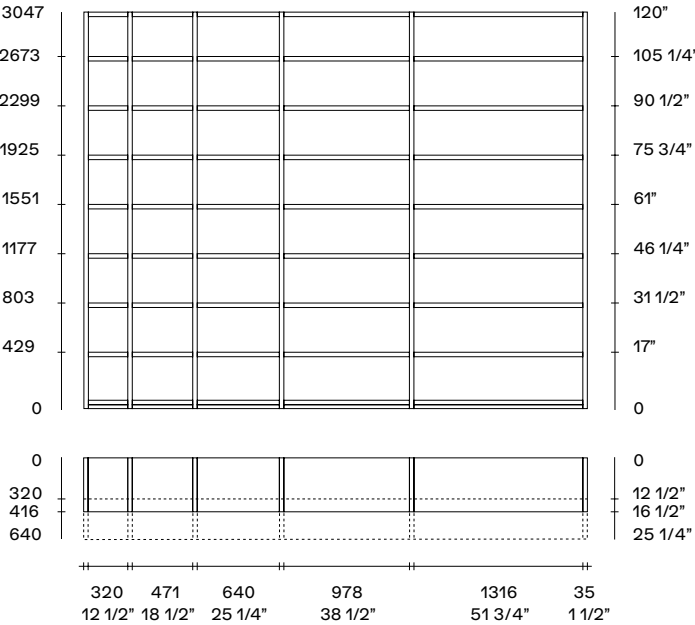

The system provides several types of doors in wood or in glass, with leaf, sliding opening or flap doors and wooden drawers. The system provides for several TV-unit solutions, open compartments or dedicated portals and equipment like the accessorized inserts and the ladder. The Ego Day system provides for frame sides and glass sides with specific equipment.

Special solutions, cuts on measure in width, height and depth; filler pieces; changes in depth; corner solutions; all these options confirm the exceptional versatility of the system Wall System, which is able to suit any space.

Side panels, bases and shelves in mat lacquered colours, glossy lacquered colours and spessart oak, back panels available also in gold walnut, black elm and metal lacquered colours. Metal parts mat painted ardesia, drawer interior melamine ardesia.

Per ottenere la larghezza totale, aggiungere alla somma della larghezza dei ripiani mm 35 per ogni spalla portante. Profondità mm 640 disponibile fino ad altezza mm 1177.

To obtain the total width, add to the total shelves 1 1/2" for each side panel. Depth 25 1/4" available till height 46 1/4".
